Skype Wedding Day Consult

Some couples prefer to do the whole planning themselves and already found a family member or friend willing to take up the responsibility as their wedding day coordinator.

All you need to know is someone who can give you some personal advice about one or more parts of the planning that you are not 100% sure about. Island Weddings Ibiza can help you here too.

How does it work?

Contact us to make an appointment for this (Skype) consultation. As soon as we have set a date and time, we will send you an invoice. This invoice needs to be paid before the date of the consult.

We can advise you about themes and colors, the itinerary and/or the drafting of the script. Or maybe you would like to go through the budget with someone who has an independent view on things.... Whatever it is you need to deal with and would like to discuss with a professional. Anything is possible.

When you contact Island Weddings Ibiza for this consult, we will ask you to give us some idea about which subjects you would like to discuss and send us any relevant

information in advance so that we can really help you out during our conversation together.

Do you also wish to have advice and tips on locations and wedding suppliers?

A made to measure portfolio with (a maximum of) 3 locations and a selection of suppliers for whom we already checked availability on your wedding day can be added to the consult for an additional, this to be advised at time.

Of course it is always possible for you to decide that you wish to extend our help further with any of the elements from our wedding planning services or to book us as a professional wedding day coordinator, also in combination with your own coordinator after you had your (Skype) consultation.

(Skype) Consultation Costs about 2 hours : € 175,00
